

Core-a-Gator[®] Features

Premium Lightweight Folding Tables

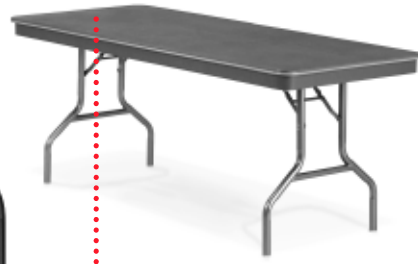

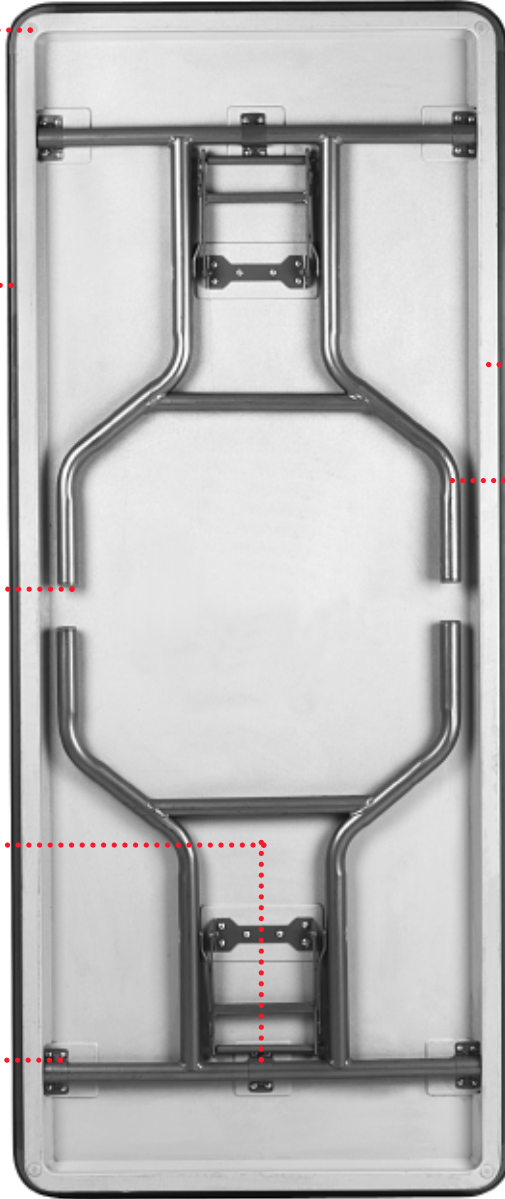

⑧ Four shock-absorbent ABS plastic corner guards (see cut-away illustration on p. 2.3.6) and four apron bumpers help protect tops when tables are stacked.

⑦ ABS plastic edge molding design helps protect tops while enabling tables to accept apron clips.

⑥ Sturdy plastic glides.

⑤ Patented gravity lock for extra safety when legs are extended and table is in use.

④ Metal-to-metal leg-to-top connection for durable, reliable performance.

① Core-a-Gator table tops feature a patented, three-piece ABS plastic construction securely bonded by a temperature- and moisture-resistant adhesive (see p. 2.3.6 for a detailed illustration and information).

② A 1" x 2^{15/16}" extruded aluminum frame provides added strength to the table.

③ Sturdy 1/4" tubular steel wishbone-style legs deliver stability and support. 18" wide tables are equipped with Virco's C-leg; round tables have 1/2" vertical legs.

Model Number	Top Size	Net Weight
611872	18" x 72"	34 lbs
611896	18" x 96"	40 lbs
612472	24" x 72"	39 lbs
613060	30" x 60"	39 lbs
613072	30" x 72"	45 lbs
613096	30" x 96"	54 lbs
613672	36" x 72"	50 lbs
613696	36" x 96"	61 lbs
6160R	60" Round	55 lbs
6166R	66" Round	63 lbs
6172R	72" Round	70 lbs
613072ADJ	30" x 72" Adjustable Legs*	48 lbs
613096ADJ	30" x 96" Adjustable Legs*	58 lbs

* Adjustable leg models provide a 21" to 31" top height.

For information on mobile storage equipment for Virco folding tables, see sections 6.1.1 & 6.2.1 of this reference guide.

COLORS AND FINISHES

See the current Reference Guide price list for information on colors and finishes.

ASSEMBLY REQUIREMENTS

No assembly required.

OPTIONS

- Nebula smooth top surface.

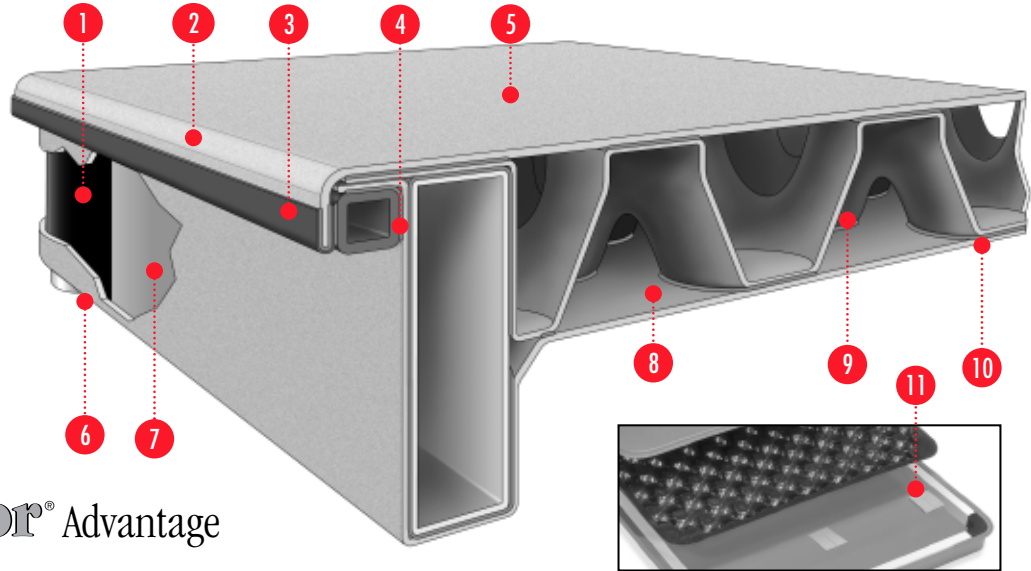

Extended lead times and minimum quantities apply. Contact your Virco Sales Representative for more information.

AVAILABILITY AND LEAD TIMES

See the current Reference Guide price list for availability and lead time information.

Specification sheets are available upon request.

Core-a-Gator® Features (cont.)

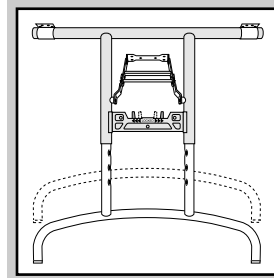

The Core-a-Gator® Advantage

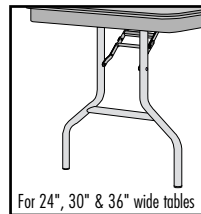

- 1 Shock Absorbent ABS Plastic Corner Bumper**
Sturdy, reinforced corner construction resists denting, splintering and related damage.
- 2 Edge Mold Design**
A generous edge mold design allows tops to accept apron clips.
- 3 Decorative Edge Banding**
The Core-a-Gator's attractive edge banding stands up to scuffing and scratching.
- 4 Edge Mold Bumper**
An inner ABS edge mold bumper gives table added protection.
- 5 Durable ABS Plastic Top**
Strong, lightweight ABS plastic provides a long-lasting, colorfast top surface.
- 6 Apron Stacking Bumper**
An ABS bumper in each corner helps protect the tops of stacked Core-a-Gators.
- 7 Aluminum Frame**
A lightweight, extruded aluminum frame adds strength and support to the table.
- 8 Durable ABS Plastic Bottom**
Like its top, the Core-a-Gator bottom is made for rugged, reliable performance.
- 9 Unique Corrugated ABS Center**
A patented core design unites first-rate strength with convenient, lightweight utility.
- 10 Strong Adhesive Bond**
Extensive bonding areas between top and bottom surfaces deliver superior durability.
- 11 Metal Leg Attachment Plates**
Legs are anchored to the underside of the table top through multiple metal plates.

Adjustable Leg Models

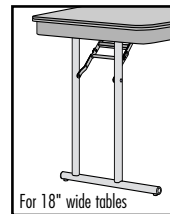

Selected Core-a-Gator tables - including models 613072ADJ (30" x 72"), 613096ADJ (30" x 96") - come with convenient adjustable legs that readily enable a top height ranging from 21" to 31" in one-inch increments. Virco's easy-to-use adjustment mechanism, as illustrated at left, works without the use of wrenches or other tools.

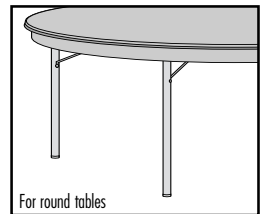

Wishbone Leg

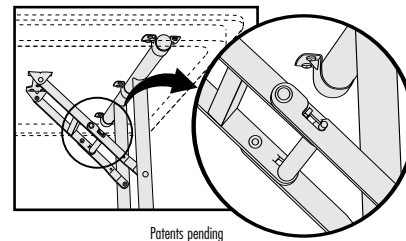

C-leg

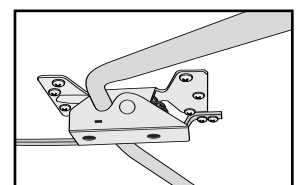

Straight Leg

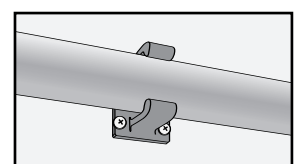

Innovative Gravity Lock

Round Table Leg-Features

Round Core-a-Gator tables have a convenient spring clip mechanism that securely locks unfolded legs in position (top). Folded legs are held in place by injection-molded retention clamps for safer movement and storage (bottom).

Core-a-Gator Smooth Top Information

Core-a-Gator® table tops with smooth, writable surfaces - as well as our standard stipple surfaces - are constructed of tough, lightweight ABS plastic. And while components made from this substance deliver consistently reliable performance, smooth-surface ABS products are also susceptible to superficial scratching. That's why Virco developed our Nebula smooth-top surface, which resists the cosmetic defects associated with such scratching. Although Nebula is our standard smooth-top color, Virco will supply smooth-top tables in non-Nebula colors at the customer's request. Please remember, however, that because they're not warranted against scratching, marring or related defects, tables with these cosmetic imperfections are not returnable.
